

## HALTON LODGE PRIMARY SCHOOL

### PE and Sport Premium Spending IMPACT STATEMENT & EVALUATION for 2021/22

At Halton Lodge Primary School, we recognise the contribution of physical education (PE) and sport to the health and well-being of all of the pupils at our school. We also believe that an innovative, varied PE curriculum and extra-curricular opportunities have positive influences on the concentration, attitude and academic achievement of children.

Our Primary School Sport's Funding will enable us to continue and extend our provision through employing additional sports professionals, running a wider variety of sport clubs, enabling our pupils to enter into more competitive sports competitions and to train our staff to deliver PE sessions of an even higher quality.

#### What is the Sports Premium?

The Primary PE and Sport Premium is paid by the Secretary of State for Education to the local authority; who then distribute the premium to maintained schools (such as ours). The PE and Sport premium must be used to fund additional and sustainable improvements to the provision of PE and Sport, for the benefit of primary-aged pupils; to encourage them to develop healthy, active lifestyles.

Since September 2017, schools with 17 or more eligible pupils receive £16,000 - with an additional payment of £10 per pupil (based on the number of pupils at the school at the time of the January census).

The PE and Sport Premium at Halton Lodge Primary School for 2021/22 was £17,750.

#### Purpose of the funding

Schools must use the funding to make additional and sustainable improvements to the quality of physical education (PE), physical activity and sport they offer.

This means that schools may use the premium to:

- develop or add to the PE, physical activity and sport activities that the school already offers; or
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

#### Schools can use the premium to secure improvements in the following indicators:

- the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school;
- the profile of PE and sport is raised across the school as a tool for whole-school improvement;
- increased confidence, knowledge and skills of all staff in teaching PE and sport;
- broader experience of a range of sports and activities offered to all pupils;
- increased participation in competitive sport.

#### Possible uses of the funding include:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively and embed physical activity across your school
- hire qualified sports coaches to work with teachers to enhance or extend current opportunities

- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- enter or run more sport competitions
- partner with other schools to run sports activities and clubs
- increase pupils' participation in the [School Games](#)
- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- [raise attainment in primary school swimming](#) to meet requirements of the national curriculum before the end of key stage 2
- embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching.

### Active miles

Where schools choose to take part in an active mile, they should use their existing playgrounds, fields, halls and sports facilities to incorporate an active mile into the school day and develop a lifelong habit of daily physical activity.

### Raising attainment in primary school swimming:

The premium can be used to fund the professional development and training that are available to schools to train staff to support high quality swimming and water safety lessons for their pupils.

The premium may also be used to provide additional top-up swimming lessons to pupils who have not been able to meet the national curriculum requirements for swimming and water safety after the delivery of core swimming and water safety lessons. At the end of key stage 2 all pupils are expected to be able to swim confidently and know how to be safe in and around water.

Schools are required to publish information on the percentage of their pupils in year 6 who met each of the 3 swimming and water safety national curriculum requirements. Further details are in the [online reporting section](#).

### What the funding should not be used for:

Schools should not use your funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements – these should come out of your core staffing budgets;
- teach the minimum requirements of the national curriculum – with the exception of top-up swimming lessons after pupils' completion of core lessons (or, in the case of academies and free schools, to teach your existing PE curriculum);
- fund capital expenditure.

Swimming Data (June 2022): Meeting national curriculum requirements for swimming and water safety	
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	70.0%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	63.3%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	70.0%
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity <b>over and above</b> the national curriculum requirements. Have you used it in this way?	<b>No –</b> However, this is planned to take place in March 2023 (should the PE and Sport premium be extended).

Here is a breakdown of how we invested our school's PE and Sports Fund allocation for 2021/22:

Objective	Action(s)	Estimated Cost	Impact the school has seen on pupils' PE and sport participation and attainment (and how the improvements will be sustainable in the future)
<p>To improve the sport resources available to children; to inspire them to take part in physical activity during break times.</p> <p><b>[The engagement of all pupils in regular physical activity]</b></p>	<p>As it became apparent that the school would not be able to spend the whole of the school's allocation of PE and Sport Premium for 2020/21 on the key actions that we had identified at the start of the academic year, it was agreed to invest in replacing the adventure equipment that the children have access to at break and lunch times – to inspire them to be more physically active – especially for those children who do not regularly chose to take part in competitive sports in the football court.</p> <p>With the support of the governing body, the adventure playground equipment – which had been condemned and was no longer safe for the children to use – was replaced and extended during the latter half of the summer term and over the summer holiday period.</p> <p>The new additions include a stage area (to encourage dance and theatrical performances), a large climbing frame (to ensure physical activity and cooperation) and a water play area (with the children having to overcome the resistance of manually operated water pumps to maintain a steady flow of water and to move the water along wooden channels) – in addition to a quiet (nature) area.</p>	<p>Ampitheatre = £15,626.99</p> <p>Adventure Physical Play Zone = £29,840.27*</p> <p>Water Play Zone = £22,935.00</p> <p><b>Cost = £68,402.26</b></p> <p>[Additional cost for Nature Quiet Zone – not included in PE and Sport Premium Spending Plan = £10,036.10)</p> <p><b>*£5194 of this was funded out of the 2020/21 PE and Sport Premium</b></p>	<p>During breaktimes and lunchtime the children frequently use the Adventure Physical Play Zone.</p> <p>This has achieved our main goal to inspire children to engage in more regular physical activity. Each class alternates between the football court and adventure playground. There are now very few (if any) children who are not engaged in some sort of physical game or activity at each break time. This is a huge improvement since having the Adventure playground available.</p> <p>It has increased staff confidence in supporting physical activity during playtimes. The resources are available and easily accessible to all. Therefore, staff feel confident in encouraging children to engage.</p> <p>In addition, it has increased the children's enjoyment of physical activity at play times.</p>
		<p>£63,208.26</p>	<p><b>Total Cost = £17,750 (towards the cost of the Adventure Physical Play Zone)</b></p>
